

## Essential Questions

**Directions:** As you read through news and other resources about corporations, activism, and backlash in Georgia (and beyond!), consider the following questions:

- Why are the new voting laws in Georgia so controversial, and how do they compare with voting in other states?
- How have corporations influenced politics since the Supreme Court issued its decision on *Citizens United v F.E.C*?
- Who are the stakeholders in a boycott, and how does a boycott impact these stakeholders?
- Why are some boycotts, or buycotts, effective, while others are not?
